

# Wage Reimbursement Schedule

Return to: Wage\_Reimbursement@allianz.com.au

- Wage reimbursement schedules must be sent to Allianz within five working days of your usual payment cycle. Failure to comply with this may result in an increased claims estimate and /or termination of the Wage Reimbursement Agreement.
- Please ensure that all Certificates of Capacity and a current Calculating Pre Injury Average Weekly Earnings (PIAWE) Form have been sent to Allianz

Employer Name / Policy  Injured Worker Name  Claim Number

In order to calculate progression through the entitlement periods please note that the worker must not have returned to their pre injury duties.

Maximum weekly compensation amounts apply. Please check with your case manager if the PIAWE is greater than the maximum entitlement (see the State Insurance Regulatory Authority website for current rate at [www.sira.nsw.gov.au](http://www.sira.nsw.gov.au)).

Please complete details in the table that is applicable for the week claimed (Note: please remove tables not applicable to your claim):

## 1. First Entitlement Period (1-13 weeks)

### a) No Work Capacity

|                    |                  | P     | D          | PB = Payable Benefit  | Amount to claim | Amount to pay worker |
|--------------------|------------------|-------|------------|-----------------------|-----------------|----------------------|
| Week starting date | Week ending date | PIAWE | Deductions | $(P \times 95\%) - D$ | = PB            | = PB                 |
|                    |                  |       |            |                       |                 |                      |
|                    |                  |       |            |                       |                 |                      |
|                    |                  |       |            |                       |                 |                      |

### b) Work Capacity

|                    |                  |              |            | P     | E        | D          | PB = Payable Benefit      | Amount to claim | Amount to pay worker |
|--------------------|------------------|--------------|------------|-------|----------|------------|---------------------------|-----------------|----------------------|
| Week starting date | Week ending date | Hours worked | Hours lost | PIAWE | Earnings | Deductions | $(P \times 95\%) - (E+D)$ | = PB            | = PB + E             |
|                    |                  |              |            |       |          |            |                           |                 |                      |
|                    |                  |              |            |       |          |            |                           |                 |                      |
|                    |                  |              |            |       |          |            |                           |                 |                      |

## Wage Reimbursement Schedule

Return to: [Wage\\_Reimbursement@allianz.com.au](mailto:Wage_Reimbursement@allianz.com.au)

2. **Second Entitlement Period (14-130 weeks) & Following Second Entitlement Period (131 + weeks)** – Note: After 52 weeks, overtime and shift penalties are excluded from PIAWE and no benefits are payable after 130 weeks unless Section 38 criteria are met

**a) No Work Capacity**

|                    |                  | P     | D          | PB = Payable Benefit  | Amount to claim | Amount to pay worker |
|--------------------|------------------|-------|------------|-----------------------|-----------------|----------------------|
| Week starting date | Week ending date | PIAWE | Deductions | $(P \times 80\%) - D$ | = PB            | = PB                 |
|                    |                  |       |            |                       |                 |                      |
|                    |                  |       |            |                       |                 |                      |
|                    |                  |       |            |                       |                 |                      |

**b) Work Capacity (Note: After 130 weeks, only workers working 15 + hours per week may be entitled to weekly benefits)**

|                    |                  |              |            | P     | E        | D          | PB = Payable Benefit   | Amount to claim | Amount to pay worker |
|--------------------|------------------|--------------|------------|-------|----------|------------|--|-----------------|----------------------|
| Week starting date | Week ending date | Hours worked | Hours lost | PIAWE | Earnings | Deductions | Working <15 hrs pw<br>$(P \times 80\%) - (E+D)$<br>Working 15 + hrs pw<br>$(P \times 95\%) - (E +D)$ | = PB            | = PB + E             |
|                    |                  |              |            |       |          |            |  |                 |                      |
|                    |                  |              |            |       |          |            |  |                 |                      |
|                    |                  |              |            |       |          |            |  |                 |                      |

P – PIAWE is the Pre Injury Average Weekly Earnings as reported to Allianz on the Calculating PIAWE Form

E – Earnings are the amounts paid to the worker for actual work performed in the weekly period

D – Deductions are the sum of each non-pecuniary benefit provided by the employer to the worker in respect of that week eg accommodation, use of vehicle, educational fees, health fees etc
